Waku Kungo

“Matriz Church”

Built in the second half of the 20th century, it's considered one of the most beautiful religious architectures of its era in Angola. It's a national historical and cultural heritage and a faithful copy of the original, built in Portugal in Santa Comba Dão.

Mount Moco

At 2,620 meters (8,600 ft), is the highest mountain in Angola. It's in Huambo province in the western part of the country. It is also one of the seven wonders of Angola.

Mount Moco “Summit”

This is going to be a long walk, with a little bit of climbing with an amazing view and if we're lucky we might even see some endemic birds.

Mount Moco "Camping"

**Sleeping area, nothing better than
sleeping with the sounds of the nature.**

Mount Moco "Camping"

Here is where we fill our bellies and tell amazing stories

Mount Moco “Camping”

And of course the bathroom.

Kumbira Forest

Kumbira Forest is notable for its fauna with at least 100 species of plants. Here we can find a variety of birds including the endemic national bird the Red Crested Turaco.

Rio Uiri

A traditional working coffee farm where we will enjoy home cooked meals using the farm's produce. A truly gastronomic experience !

Keve River

“Binga water falls”

The pretty Binga waterfalls (also known locally as “Cachoeiras”) are situated in the municipality of Conda in Kwanza Sul province on the Keve river.
